ABOUT ME

Results-driven Frontend Developer with 5+ years of experience designing, developing, and optimizing WordPress websites for performance, responsiveness, and SEO. Strong expertise in HTML, CSS, JavaScript, jQuery, and Bootstrap, combined with proven ability to deliver modern, user-friendly interfaces. Experienced with popular WordPress builders such as Elementor, Divi, Thrive, and Beaver Builder (free & premium), as well as custom development using Advanced Custom Fields (ACF) and Custom Post Types (CPTs) to implement tailored features and functionality. Skilled in mobile-first design, cross-browser compatibility, site speed optimization, and technical SEO, ensuring websites not only look great but also perform exceptionally. Currently contributing at Epic Businesses, creating scalable digital solutions that drive business growth.

EDUCATION

2019 - 2022

Jaipur National University

Bachelor of Computer Applications (BCA)

Focused on software development, web technologies, and computer programming with practical experience in building and optimizing web solutions.

EXPERIENCE

2020 - 2021

Raivasa International

Web Designer | Wordpress Frontend Developer

Gained foundational knowledge of WordPress and Bootstrap to build responsive websites, while strengthening skills in HTML, CSS, jQuery and Javascript. Contributed to small projects, supported senior developers, and learned best practices for creating user-friendly web solutions.

2021 - Present

Epic Businesses

Wordpress Frontend Developer

- Developed 50+ responsive and high-performing WordPress websites using Elementor, Divi, Thrive Architect, Beaver Builder, Oxygen, and WPBakery
- Built custom functionality using HTML, CSS, Bootstrap, jQuery, ACF, and Custom Post Types (CPTs)
- Integrated third-party tools and CRMs including GoHighLevel, ActiveCampaign, Mailchimp, and Zapier
- Optimized websites for speed, SEO, and mobile responsiveness, improving overall performance and user experience
- Leveraged AI tools (e.g., ChatGPT, AI-based design/code assistants) to improve development efficiency, content structuring, and problem-solving
